24/7 Tanning Access! As Easy as 1, 2, 3!

1 Visit our office during staff hours to purchase your preferred tanning package and lotions. Platinum receives access to all 3 beds!

2 Scan your mobile app or keytag barcode under the “vacant” door scanner of your choice that’s included with your package!

3 Push open the door, as they have automatic closers now, and remember to lock it behind you for privacy & to show “in use”!

PLEASE NOTE

There is only ONE person allowed in the tanning rooms at a time. If you are caught by hallway video surveillance doing otherwise, you will lose 24/7 access privileges!
